"The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. AT LIBERTY FOR 14 YEARS MAN IS CAPTURED

A NORTH CAROLINA CONVICT CAUGHT BY FLORIDA SHERIFF AND WILL BE RETURNED TO PRISON.

Special to The Journal. Tallahassee, Fla., Aug. 26.—Warden Sale of the North Carolina State Prison was at the Capitol this morning with a requisition from the Governor of North Carolina on the Governor of Florida for a prisoner being held by Sheriff Stanton of Madison, the prisoner having escaped from the North Carolina State Prison fourteen years ago.

It appears that the prisoner had been living right near the Florida line, but in the state of Georgia for some time. Sheriff Stanton recognized the escaped convict months ago but it was not until recently that he was able to locate him across the line in Florida. When he did he took him in charge and notified the North Carolina officials that he had their man and to come for him.

Col. Crozier is succeeded in the clerk's office by Nick Condon, who has already begun work.

PENSACOLA TO BE DEPRIVED OF MAIL ON SUNDAY

ORDERS RECEIVED FROM WASHINGTON TO STOP ALL DELIVERY AND BOXING OF MAIL ON THE SABBATH—MAIL WILL BE FORWARDED AS USUAL.

There will be no delivery of mail in Pensacola on the Sabbath in future. The general delivery windows will be closed and even those enjoying lock boxes will receive no letters or papers, for none will be boxed. Only special delivery letters will be placed in the hands of those to whom they are addressed.

Such orders were received by Postmaster Robinson yesterday from Washington, following the passage of the new postoffice bill. The new act says that offices of the first and second class shall not open on Sundays, and the postoffice department has interpreted it to mean that there shall be no mail of any kind boxed or delivered, excepting special delivery matter.

The section relating to the closing of offices as passed by congress follows:

"That hereafter postoffices of the first and second classes shall not open on Sundays for the purpose of delivering mail to the general public, but this provision shall not prevent the prompt delivery of special delivery mail."

How the department at Washington has interpreted the act is shown in the following order issued to postmasters:

"Under this law you will close the general delivery, carrier windows and lock boxes and discontinue all deliveries by carriers on Sundays. You will note, however, that special delivery mail is excepted and you will therefore arrange to have on duty a sufficient force to handle same."

CANOE CLUB IS AT WORK ON A CANOE HOUSE

CONSTRUCTION WORK IS COMPLETED AND WHEN COMPLETED BUILDING WILL HAVE ROOM FOR THIRTY CANOES.

The Bayview Canoe Club started on its modern canoe house Monday morning. The grading of the site selected for the building has been completed and the actual work of construction will be pushed forward. The structure when completed will have space for thirty canoes. Most of the berths have been spoken for but a few are left to be let to the new members as they come in.

New canoes are gradually putting in their appearance at Bayview and now that a suitable place will be built for the storage of the boats and proper care can be taken of them, no doubt the number will greatly increase.

The climate in Pensacola is ideal for canoeing and this winter the sport promises to be even more popular than it has been during this summer. The members of the club are very enthusiastic and it is hoped that by next summer an addition will have to be made to take care of the increasing number of canoes. For healthful recreation and exercise canoeing is hard to beat.

In company with a number of friends, Mr. Sarra left the city Saturday night to go across the bay and spend Sunday. Early Sunday morning the crowd decided to go in bathing on the bay side of the island, and they

FAIR CHARTER LIST FOR PORT OF PENSACOLA

MERCANTILE ARRIVED YESTERDAY FOR TIMBER, KOLGA EXPECTED TODAY AND OTHERS DUE DURING THE WEEK.

Notwithstanding that ocean freights continue high the charter list for Pensacola is fairly good and should the freight market show any indication of receding from its lofty position there would be a big shipping business through Pensacola as well as other Gulf ports. As the market is at present shipping for the remainder of the month will be about normal for this season.

The British steamer Mercian arrived in port late yesterday afternoon, consigned to Jno. A. Merritt & Co. and will commence taking timber today. The Kolga, another vessel for this firm, is expected today and several
